State Librarian DENIED HE EVEN SAW MESSMORE

Paul H. McConnell, Druggist, De-
clares he Did Not Sell Prosecu-
ting Witness Whiskey.

ILLEGAL SALE IS ALLEGED

Messmore Says no Questions Were
Asked and he Signed no Paper
When he Made Purchase.

The case against Paul H. McCon-
nell, proprietor of the Court House
Drug store, charged with the illegal
sale of intoxicating liquor, went to
the jury his afternoon about three
o'clock. The case did not require
very long to try as only five wit-
nesses were examined. Some difficul-
ty was had in obtaining a jury, but
all of the evidence was introduced
by noon and the argument started
following the noon recess.

The defendant, McConnell, was
charged in an affidavit with having
sold Isaac Messmore, a farmer of
Walker township, a quart of whis-
key contrary to law, the violation
being in that Messmore did not make
written application and that he was
not known to the druggist. The
transaction was alleged to have taken
place September 21. McConnell's
defense was that he never sold
Messmore the whiskey and denied
on the witness stand that Messmore
had ever been in his store.

Messmore, the prosecuting wit-
ness, was the first witness for the
state. He told of his visit to Rush-
ville on the day the whiskey was al-
leged to have been sold to him. He
said that his son-in-law, Ezra Bak-
er, accompanied him here and that
after visiting the Pinnell-Tompkins
lumber yard and the Bliss and Cow-
ling store he went to the McConnell
drug store and secured a quart of
whiskey. Messmore stated that
there was a woman and another man
in the store other than McConnell
when he made his purchase.

Messmore told the jury that he did
not sign any application to secure
the liquor and that McConnell did
not inquire as to whether he was a
drinking man. On cross-examina-
tion Messmore stated that he signed
the affidavit against McConnell af-
ter he had paid a fine of one dollar
and costs in police court on the
charge of being drunk. Messmore
told the jury that while he was in
the drug store Baker waited for him
on the northwest corner of the court
house square.

Baker, the son-in-law, was then
called by the state. He recalled
waiting for Messmore, but did not
remember which store on the west
side of the public square Messmore
entered. He was not positive that
Messmore entered a drug store that
day, but said that when Messmore
approached him he carried a few
bundles in his arms and that while
on the way home that afternoon
Messmore opened one of the pack-
ages and they took a drink from
the bottle.

T. M. Green was next called to the
stand. He gave the location of the
McConnell drug store, but his tes-
timony had no direct bearing on the
case.

The defense introduced only two
witnesses—Mr. McConnell and his
wife. McConnell stated that he never
saw Messmore until he appeared in
court this morning and that he was
never in his drug store. He
denied ever selling him a quart of
whiskey. He stated that he was
married on September 6 and that at
the time the sale was alleged to
have been made he and his wife had
not gone to housekeeping and that
his wife spent most of her time at
the store. He also told the jury that
during the week of September 21 the

TWO INDICTMENTS RETURNED TUESDAY

Grand Jury Finds Two True Bills
And Adjourns Until Tuesday of
Next Week.

ONE AGAINST C. JOHNSON

The grand jury returned two more
indictments Tuesday afternoon be-
fore adjourning to meet again next
Tuesday. One of the indictments
was against Clayton Johnson, who
has been in the county jail for some
time for the violation of a guardian-
ship trust. Johnson was indicted on
the charge of embezzlement.

The indictment sets forth that on
October 2, 1905 he was appointed
guardian for Leo and Ora Johnson,
his two children and received as
part of the assets of the estate the
sum of \$346.85. The indictment
charges him with failing to pay over
or make an accounting to Thomas
M. Green, the present guardian. Mr.
Green was appointed guardian after
Judge Sparks had removed Johnson.
It is alleged that Johnson feloniously
and unlawfully retained the money
belonging to the trust.

The other indictment was not
made public as no arrests have been
made. It is understood that the
parties indicted are not residents of
this county.

LOCAL BOY TO BE IN FORD PEACE PARTY

John Frazee Accepts Invitation of
Detroit Millionaire as Repre-
sentative of His School.

WILL SET SAIL ON SATURDAY

John Frazee, a student in the
University of Wisconsin, at Mad-
ison, Wis., son of Mr. and Mrs. John
P. Frazee of North Main street, will
arrive in New York Saturday morn-
ing and will immediately embark on
a vessel chartered by Henry Ford,
Detroit millionaire, as a member of
the Ford peace party.

The information was contained in
a telegram received this afternoon
from Mr. Frazee at Madison. The
invitation was extended several days
ago, but Mr. Frazee learned his par-
ents' wishes before he replied to the
invitation.

The selection of Mr. Frazee as the
one to represent the university of
Wisconsin in the Ford party was a
distinct honor to him. Ford invited
one student from the twelve largest
universities in the United States.
The Rushville boy was selected be-
cause of his attendance and promi-
nence in the peace conference at
Ithaca, N. Y., last summer.

ADDITION MADE TO THE PROGRAM

John R. Dollings of Hamilton, O.,
Head of Firm of Investment
Bankers, Will Speak.

OPPORTUNITY TO GET HIM

Appeared Recently at Richmond Y.
M. C. A. Meeting and Was Com-
plimented for Address.

Announcement was made today
that the Chamber of Commerce
membership banquet tonight in the
basement of the Main Street Chris-
tian church at six-thirty o'clock
would be doubly attractive because
another speaker had been obtained.

R. L. Dollings, president of the R.
L. Dollings company of Hamilton,
Ohio, which has just perfected a
branch in Indiana, will arrive here
at six o'clock and will speak at the
dinner tonight. Mr. Dollings is a
speaker of great ability and is ac-
quainted with the ambitions and
aims of commercial organizations.

Mr. Dollings is known here and
when it was learned that he was in
Indianapolis today on business,
stopping off while enroute to Bra-
zil, Ind., on business, an invitation
for him to speak here tonight was
extended by telephone and was
promptly accepted.

The dinner will be served prompt-
ly at six-thirty o'clock. All those
who have not purchased tickets are
urged to do so before going to the
dinner. The program will be carried
out as announced yesterday, with
the addition of the address by Mr.
Dollings, so far as was known today.

Mr. Dollings is known as a man
who clings to an ideal. It is stated
that it is "the ideal" of the subject
in hand that always claims his at-
tention in a public address. He has
frequent invitations for public ad-
dresses, but is seldom able to accept.
It is considered most fortunate that
it was possible to have him present
at this time.

Illustrative of the kind of man he
is, a Richmond newspaper publish-
es an editorial concerning an ad-
dress by Colonel Dollings by the
Richmond Y. M. C. A. recently. It
is reproduced herewith:

Colonel R. L. Dollings of Hamil-
ton, the head of a financial house
whose interests employs probably
5,000 men, in an address at the
Richmond Young Men's Christian
Association Friday night gave ex-
pression to a sentiment that is
rapidly making headway among all
employers, when he remarked that
"it is the clean chap—the fellow who
doesn't need the dirty story to get
an order—the fellow who can look
you straight in the eye, for whom the
business man of today is looking."

A clean mind is just as important
as a clean body. The young fellow
who has spent the night in a car-
ousal, who passes his time loafing
about a saloon, a cigar store, a pool
hall, or standing on a street corner
listening to and relating smutty
stories, simply cannot have a clean
mind. The environment and the as-
sociations are not conducive to that
end. He isn't able to look another
man squarely and convincingly in
the eye. He becomes dependent
rather than independent, while nine
times in ten he will tell you that it
is independence he is striving for.

The young man who starts out
with the determination to make
good, to win a place for himself in
society and in the business world
will do well to heed Colonel Doll-
ings' advice. It isn't new—not by
any manner of means. But more em-
ployers are insisting upon clean
minds as well as clean bodies now
than ever before in the history of
America.

ARGUMENTS TO END THURSDAY

By Agreement Attorneys in Smith
Trial Will Conclude Statements
by Tomorrow Noon.

FIRST ONES THIS AFTERNOON

Twenty More Neighbors of Hollings-
worth Testify to His Good Rep-
utation This Morning.

(By United Press.)

Indianapolis, Ind., Dec. 1.—Attor-
neys in the trial of Cassius C. Smith,
charged with the murder of Marcellus
Hollingsworth, his father-in-law,
began arguments this afternoon.
Both the state and defense agreed to
end their pleas by noon tomorrow.
The court will give his instructions
Thursday afternoon. Twenty more
farmers who were neighbors of Hol-
lingsworth, testified this morning to
Hollingsworth's good reputation for
peace and quietude.

With the conclusion of rebuttal
evidence of the state in the trial of
Cassius C. Smith, former Rush
county man charged with the murder
of his father-in-law, indications
today were that the case would
reach the jury some time Thursday.
Arguments by attorneys were to be
started this afternoon.

The evidence was virtually finish-
ed Tuesday afternoon when court
adjourned. In rebuttal the state in-
troduced twenty farmers who reside
in the vicinity of the home of the
late Marcellus Hollingsworth, who
was shot by Smith, most of whom
said they had known Hollingsworth
from twenty-five to forty years. The
majority of them asserted that Hol-
lingsworth had a good reputation
and that he was not known to be
quarrelsome. Some of them also
testified that the reputation of Mrs.
Smith, wife of the defendant and
daughter of the murdered man, for
truth and veracity was bad.

Mr. Smith testified in his own be-
half Tuesday. He bared to the jury
the family secrets of the Hollings-
worth home, where Mr. and Mrs.
Smith lived at the time of the shoot-
ing, in an effort to show Hollings-
worth had bad habits and was of
violent disposition when under the
influence of liquor. The defendant
went over a period of two years, and
told of numerous instances where
threats, alleged to have been made
by Hollingsworth against his daugh-
ter, now Mrs. Smith, were communi-
cated to him, and how he and his
wife had cause to fear the murder-
ed man.

Delmont Myers, age eleven, a son
of Mrs. Smith by a former husband,
testified to frequent alleged drunken
escapades of his grandfather.

Smith was cool on the stand and
seemed to be laboring under no ex-
citement. He took the stand at 11
o'clock, Tuesday and was under a
fire of questions most of the day.
He told of being threatened by Hol-
lingsworth.

Delmont Myers, testified he had
been afraid of his grandfather. The
admission of Mrs. Smith on the
stand that her father was shot while
seated is relief upon by state, it is
understood, to undermine Smith's
claim of self-defense.

It became known today the jury,
when it was impaneled, was not
asked its opinion on capital punish-
ment at the request of Dr. M. P.
Hollingsworth of Princeton, brother
of slain man, who is attending the
trial. Dr. Hollingsworth is opposed
to capital punishment, although he
believes Smith should be sentenced
to life imprisonment.

—Mrs. Wilbur Holloway of
Brownsburg will come Friday to be
the guest over Sunday of Mr. and
Mrs. Charles Offutt.

TWO KOKOMO MEN KILLED

Unexplained Explosion This After-
noon Causes Deaths.

(By United Press.)

Kokomo, Ind., Dec. 1.—Joseph
Goryell, manager of the Kingston
grocery and a man employed by the
Indian Refining company as a driver,
assisting him, were killed by an
unexplained explosion this after-
noon late while filling a gasoline tank
at the grocery. The building was
wrecked.

FIRE CAUSES HEAVY LOSS AT MUNCIE

Fanned by High Wind And Inad-
equately Combated, Flames do
\$100,000 Damage Today

FOUR FIREMEN ARE INJURED

(By United Press.)

Muncie, Ind., Dec. 1.—Fanned by
a high wind and inadequately com-
bated, flames gutted the Surber
block here today, causing \$100,000
damage and resulting in the serious
injury of four firemen. Origin of the
fire is unknown. Heroic work by
firemen failed to prevent the spread
of the flames. They swept almost
unhindered through the store of the
Atlantic and Pacific Tea company,
the Kresge Five and Ten Cent store
and drove guests of the Paris hotel
from their rooms.

The injured firemen are Carl Pow-
er, head badly cut by falling walls;
Nelson Smith, overcome by smoke;
Chat Taylor, badly bruised in fall
from ladder; William Guffigan,
bruised, cut and overcome by smoke.

ISSUES ON PRIMARY LAW MAY BE JOINED

Attorney General Expects to Get All
Questions About Constitution-
ality Decided.

BY STATE SUPREME COURT

(By United Press.)

Indianapolis Ind., Dec. 1.—All is-
sues against the Jones primary law
may be joined before the supreme
court and the whole matter of the
constitutionality of the law may be
threshed out.

This was the opinion of Attorney
General Stotsenburg today. He said
that if those back of the case at-
tacking section 10 to be appealed
from Marion county, did not asked
to have that case consolidated with
the one from Floyd county, he would
do so. He expects those interested
in the Marion county case to request
such action.

The primary case appealed from
Floyd county is sent for hearing
December 15.

CO-EDS TO HELP

Greencastle, Ind., Dec. 1.—De-
Pauw university co-eds will sell Red
Cross stamps on the campus and
about this city until Christmas day.
The work will be under the supervi-
sion of the DePauw civic league
comprised of women of the univer-
sity.

The league hopes to sell an aver-
age of ten stamps per student
which will net approximately \$100.
One fourth of that will go to the
Red Cross society and the remain-
der will be given to the local anti-
tuberculosis society.

EFFORT TO TAKE WILSON'S LIFE

This is Revealed in Examination of
Chemist Who Said he Was Ap-
proached by High Officials.

LIQUID FIRE ALLEGED MEANS

E. W. Ritter Swears he Was Ap-
proached and Asked to Sprinkle
it on President and Garrison.

(By United Press.)

Cleveland, O., Dec. 1.—An at-
tempt on the life of President Wil-
son and Secretary of War Garri-
son with liquid fire was proposed,
according to information alleged to
have been obtained by County At-
torney Cyrus Locher from E. W.
Ritter, a chemist, under arrest here,
it was learned this afternoon. A
court stenographer's record pur-
porting to be that taken while
Locher was examining Ritter stated
that the plan was suggested by "two
men, high in official life."

Dr. Ritter, held on a fraudulent
check charge, denied he had made
such a statement to Locher.

Harold DeWoody, special agent
of the department of justice, who
had been trailing Ritter for a year
swore to the warrant served on the
chemist. DeWoody has been investi-
gating bomb plots.

Ritter admitted he invented the
original liquid fire.

This is part of the statement
Locher is alleged to have seen:

"Two men high in official life
came to me and proposed that my
liquid fire be used to sprinkle on
President Wilson and Secretary
Garrison. 'No, No,' I exclaimed,
'that would be terrible. I will never
do it.'"

"Well, well, let's not talk
about it."

This question was then asked Rit-
ter:

"Why wasn't it proposed to shoot
the president?"

"The men said shooting would
mean arrest. With liquid fire, you
use it from a rubber ball upon a
person's clothes and go away. In a
few minutes, poof! The liquid fire
blazes."

This alleged record was ordered
by DeWoody, who is to forward it
to Washington.

OPERATORS MAY WALK OUT.

(By United Press.)

Terre Haute, Ind., Dec. 1.—At the
Big Four offices it was admitted this
afternoon that there is serious talk
of a walk-out of 250 Big Four op-
erators between St. Louis and Indi-
anapolis. Edward Whalen, repre-
senting the operators is in Indiana-
polis. The operators want a ten-
cent increase.

THAT INTENSIVE HEN

The Hen laid an egg and
cackled her head off;
The Goose laid an egg and
never opened her head.
Do you ever have a call for a
goose egg?

Moral: Sell Advertised Goods.
And it might be added to this
time honored philosophy that
the hen is an intensive advertiser.
She does her cackling in the
vicinity of the egg and does not
try to cover the continent with
one faint squawk.

She disposes of her goods at
the most convenient market—
seeking the short cut from pro-
duction to demand.

If she used the printed word
she would be a constant news-
paper advertiser.

A varied program of great merit was given. An elegant luncheon was served.

Amusements

The Princess offers a big double program for tonight. Lillian Lorraine and William Courtley are featured in "Neal of the Navy." In this episode Annette is rescued by a squad of U. S. Marines and Hernandez is chased to the roof of Lonesome Cove Inn which he escapes, by making a sensational jump. Leah Baird, Mary Maurice Costello are featured in "Dorothy." Tomorrow Viola Dane will be seen in a three part drama, "Her Happiness."

The approaching visit of Nat C. Goodwin to the Gem Theatre tonight in the Universal's six-act photoplay adaption by F. McGrew Willis of Octave Mirabeau's famous French tragedy, "Business Is Business," serves to recall the initial presentation of that drama to an audience at Hollywood, California, recently. The audience was composed of the most famous moving picture directors, players and officials in the country—all of them personal friends of the "best liked actor in America." Many of them motored over to Hollywood from Venice, Cal., where Mr. Goodwin conducts "the best cafe west of New York" in a great specially constructed pavilion which stretches far out over the ocean.

Among those in the audience at the first presentation of "Business is Business" were D. W. Griffith, Mack Sennett, Charlie Chaplin, Frank Keenan, Geraldine Farrar, Eddie Foy, Roscoe Arbuckle, Fred Mace, Thomas Ince, Otheman Stevens, Blanch Ring, Kitty Gordon, Hobart Bosworth, Fred Balsdorfer,

KING PETER IS FUGITIVE

Ruler of Serbia Flees From Prisrend When it Falls.

(By United Press.)
Berlin, (Via Sayville), Dec. 1.—King Peter of Serbia fled on horseback from Prisrend Sunday afternoon, the day before the Bulgars captured the town, according to a Sofia telegram received here today. Where he is now the Bulgars do not know. With him in his flight is Prince Proubetzkoy, Russian ambassador to Serbia. The king and his Russian companion were about without attendants. Prisrend's captured by the Bulgars was reported in an official statement dated Monday. The fight for the town was short and resulted in the capture of 16,000 to 17,000 Serbs and quantities of munitions.

A Return Engagement

Columbus, Ind., merchants are replying to the activities of the Indianapolis retail merchants who are attempting to draw trade from county seat towns in Indiana with "Suburban Day" invention in their own coin. Columbus, too, has a "Suburban Day." It will be a special bargain or inducement day and a special invitation is extended to the country people and the residents of Bartholomew and adjoining counties.

The sale is founded on a new idea and was undoubtedly inspired

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25-cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

by the efforts of Indianapolis merchants to tear down the smaller county seat towns by offering alluring inducements to get people to journey to Indianapolis. The Columbus merchants have announced that they will stand behind every proposition they make in their advertisements. If there are those who purchase at the "Suburban Day" sales and feel afterwards that they have a grievance, they are referred to the secretary of the Columbus Chamber of Commerce who takes up all complaints and investigates them thoroughly.

In this connection, it might be said that Rushville merchants make a business of standing behind every statement they make in their advertisements. They will be in the columns of the Daily Republican frequently between now and Christmas advertising their goods and urging the people to do their Christmas shopping early so as to get the pick of the stock.

Of course, the old admonition about shopping early is coming to be kind of a chestnut, but nevertheless, it is bearing fruit and a vast difference between the holiday shopping of the present day and several years ago is seen. It has undoubtedly borne fruit. If you haven't done any Christmas shopping yet, it might be a wise idea to look over the displays right now while they are spic and span and new. You will see something you like.

The Richmond Palladium comes to bat again with tearing of its hair, wailing and gnashing of teeth and as usual fans. The Palladium is considerably perturbed about the announcement of the formation of the Indiana Business and Prosperity League. The Palladium at once sees in it a boost for James E. Watson's candidacy for the Republican nomination for United States senator.

The Palladium then proceeds to expound at length on Mr. Watson, its avowed enemy. The Palladium refers to "Mulholland," whoever that is. It is gathered from the extended ranting that the Palladium meant well enough. The Palladium probably was speaking of Colonel M. M. Mulhall. If the Palladium was no nearer the truth in regard to the declarations about Mr. Watson than it was about the spelling of the name, it was some distance from the facts in the case. The Palladium probably never went to the trouble to get a copy of the congressional report on the Mulhall investigation. But perhaps the Palladium does not care to know the truth.

At Indianapolis, last January, President Wilson assured a partisan meeting which he there addressed, that "this country is not going to use any party that cannot do continuous and consistent team work." The Democratic party is showing that it cannot do this. Bryan, Kitchin, Bailey, Fitzgerald and others, on one subject or another, are at odds with the President. Though commanding a majority in both House and Senate, the President cannot bring his party to work and vote with him on the vital question of national defense. "Continuous and consistent team work" is no longer a Democratic characteristic; and this country is not going to use that party any more.

In all polite circles it is assumed that a prize husband sews on his own buttons. What is your status?

The man who exercises his jawbone and not backbone will soon have nothing but jawbone left.

Before classing another as a fool just remember that he may have the same opinion of you.

HALL-MULL CASE IS SET FOR TRIAL

Special Judge Gause of Newcastle Here in Consultation With Attorneys and Sets Date.

MORTGAGE IS FORECLOSED

While Judge Sparks was engaged in the trial of a criminal case in circuit court, Judge Gause of Newcastle was here in consultation with attorneys regarding the trial of the Hall-Mull case, in which he will act as special judge. The case has been set for trial several times and always has been postponed. It was definitely decided this morning that the case would be tried, starting on January 24, 1916.

Judge Sparks returned his finding this morning in the case of the Greenfield Building and Loan association against Jerry Lyman, Margaret Lyman, Thomas H. New and Emma Barrett, on a note and to foreclose a mortgage, demanding \$1,050. The case was sent here from Hancock county. Judge Sparks found for the plaintiff against Jerry and Margaret Lyman in the sum of \$1,104.25, and held Thomas New as surety for the sum of \$742.20.

THREE MINISTERS RESIGN

Arouses Discussion of Austria's Separate Peace Efforts.

(By United Press.)

Amsterdam, Dec. 1.—The emperor of Austria today accepted the resignations of his ministers of finance, the interior and commerce, according to Vienna advices.

The three resignations naturally are associated in diplomatic comment with reports that Austrian leaders have been discussing a separate peace for their country. The general assumption is that these three favored such a step and were overruled.

HOOSIER HISTORY

Prepared for the United Press by the Centennial department of the Indiana Historical Commission.

"Indianapolis was a rendezvous for returning and departing troops. They needed a place for rest and refreshment—an agent was placed at the railway station to attend the arrival and departure of trains and furnish meals and lodging." Later the federal government at Morton's instance erected a building. Furnished by the state, where the soldiers were fed and sheltered on their way back and forth. Before the close of the two other buildings were erected. The expense of maintaining these buildings was borne by the Indiana Sanitary commission, organized by the governor.

WARD H. HACKLEMAN WINS PROMOTION

Rushville Boy Appointed Co-Manager Indianapolis District Massachusetts Mutual.

GIVEN MERITED ADVANCE

Ward H. Hackleman, son of Dr. and Mrs. F. G. Hackleman of this city, who has been in the insurance business in Indianapolis the last few years, has been appointed co-manager of the Indianapolis district of the Massachusetts Mutual Life Insurance company. Over the signature of the vice-president of the company, the following announcement has been made:

"We take pleasure in announcing the promotion of Mr. Ward H. Hackleman to the position of Co-Manager in our Indianapolis Agency. To Mr. Warren C. Flynn, for several years its Manager, has been assigned additional territory, and the enlarged field makes necessary a sharer in the work of management. Mr. Flynn has therefore formed a co-partnership with Mr. Hackleman, and the firm will be known as Flynn & Hackleman, Managers.

"Mr. Hackleman has for several years been an active and successful representative in our Indianapolis Agency. He is well fitted to represent the Massachusetts Mutual, by ability and by experience, and we earnestly commend him to the insuring public. And we are confident that the fine service which this Company is now furnishing to its Indiana members will be extended to an increasing number who through his efforts will entrust their life insurance interests to the Massachusetts Mutual."

MANY CITIES JOIN IN THE MOVEMENT

Electric Prosperity Week is Being Observed Generally Through Indiana This Week.

SIGNS ARE A BIG FEATURE

(By United Press.)

Indianapolis, Nov. 30.—Indiana cities generally joined with cities throughout the United States today in celebrating the opening of "Electric Prosperity Week." In most of the cities of any size the electrical men had prepared a program designed to demonstrate the value of electricity to all walks of life.

Electrical men here asserted that they were fortunate in that it was apparent their week would usher in the real Christmas shopping season. Electrical contrivances suitable as Christmas presents formed a noticeable part of the display in the Badger building, where dealers and contractors of the "do it electrically" faith had erected booths.

Signs telling that 8,000,000 "electrical servants" had been sold in America and that 3,025,995 electric irons and 1,629,414 electric fans are now in use, are on display.

"Electric Prosperity Week," is idea of the Society For Electrical Developments, a national organization.

DEFENSE RESTS IN CONSPIRACY CASE

Hamburg-American Managing Director Says he Urged Observance of All American Laws.

NO FALSE DESTINATIONS

(By United Press.) New York, Dec. 1.—The defense rested at 3:10 this afternoon in the trial of four Hamburg-American line officials, charged with illegally furnishing supplies from American ports to German warships.

Karl Usbese, managing director of the Hamburg-American line, testified in his own defense today that he directed scrupulous observance of all American laws in forwarding supplies from American ports to German warships.

Usbese denied that to evade custom house authorities he directed the supply ships to give false destinations in their clearance papers.

"We wanted our ships to go to their stated destinations even if they were emptied of their cargoes by vessels met at sea," he said.

DENIED HE EVER SAW MESSMORE

Continued from Page 1.

clerk at the drug store was taking a vacation.

"You have been selling 'blind tiger' whiskey rather freely over there haven't you?", he was asked by John Tittsworth on cross-examination. McConnell denied this. McConnell admitted that his acquaintance with the farmers of Rush county was limited as he has been here since December 5, 1913. On cross-examination he stated that he sold a barrel of whiskey on an average of every six weeks.

Mrs. McConnell testified to about the same things that her husband did. She told of their marriage and of how she spent most of the day at the store when they were first married. Mrs. McConnell stated that she is the daughter of a Baptist minister and that her home at the time of her marriage was in Indianapolis. Messmore on the stand had previously stated that he believed Mrs. McConnell was in the store at the time he bought the whiskey. Mrs. McConnell told the jury that she never saw the man before until today. She stated that she was very much surprised and humiliated when her husband was arrested on the charge.

Prosecutor Stevens was assisted by John A. Tittsworth and the defense was represented by Kiplinger and Smith.

The jury which tried the case was as follows: Frank Huddleson, William Dagler, Ora E. Hite, Arthur George, William M. Jackson, Henry Hungerford, Charles Hall, Thomas Ertle, James Fisher, Henry W. Becker, E. A. Kirkpatrick and Oliver M. Siler.

Here's Nature's Own
Remedy For Catarrh

Hyomei Relieves Catarrh Without
the Use of Dangerous Drugs.

Not until Hyomei was discovered
has it been possible to truthfully say
that a real remedy for catarrh was
known.

Hyomei is an oil and its air is
breathed through a small inhaler
furnished with it for a few minutes
four times a day, and during that
time every particle of this Hyomei-
laden air taken into the air passages
and lungs is impregnated with a
giving antiseptic.

Sprays and lotions often cause
disorders of the respiratory tracts
or bring on some other diseases and
never make a permanent cure of ca-
tarrh. But when the air of Hyomei
penetrates to the inmost air cells of
the lungs and enters the blood with
the oxygen it not only kills the
germs in the throat and nose, but
kills the bacilli in the blood, free-
ing the mucous membranes from
poisonous microbes and giving per-
fect health.

A complete outfit is inexpensive
and includes an inhaler, dropper and
sufficient Hyomei for several weeks
treatment.

Johnson's Drug Store has so much
faith in the merit of Hyomei that
they agree to return the money to
any purchaser who is not thorough-
ly satisfied.

Speakers Declares Farmers of East
do Not Get What They Should
For Milk and Other Produce.

PLAN BETTER CONDITIONS

Distribution is Also Causing Trouble
—Legislature For Their Bene-
fit Suggested.

(By United Press.)

Chicago, Ill., Dec. 1.—Farmers of
the east are not getting what is
coming to them for milk, Milfred
Wheeler, Boston, secretary of the
Massachusetts board of agriculture
told the national conference of mar-
keting and farm credits in its third
day's session today. Farmers are
at the mercy of the big dealers, who
pay farmers what they see fit, he
said.

Cost of distribution of milk is too
high, he said. By co-operation and
better business methods, he main-
tained, this cost would be material-
ly reduced. People of the United
States, Wheeler said, should be
taught to drink more milk, as it is
wholesome food, that is cheap even
at the present price.

Only when the American farmer
acts for himself by advocating leg-
islation, to foster and provide new
economic machinery, will there be
better marketing conditions and
adequate credit facilities, according
to David Lublin, American dele-
gate to the International Institute of
Agriculture, at Rome, said today. In
Germany, he said, the government
advocated marketing legislation, be-
cause the farmer was not considered
sufficiently progressive. The result
has been excellent economic condi-
tions, of which Germany rightly
boasts, he claimed.

National and state legislation, to
provide the credit facilities which
would make it possible for tenant
farmer and farm laborer to acquire
farm land, was urged by John Lee
Coulter, dean of the college of agri-
culture, at West Virginia university.
The steps he would take to attain
those ends are:

An act of congress providing for
a complete scheme of farm land
banks.

Legislative acts of various states
supplementing the national laws and
providing for state institutions to
do various phases of the mortgage
business which the national farm
land bank would not care to under-
take.

Legislation by various states
simplifying laws pertaining to titles
deeds foreclosures and exemptions.

An up to date bureau of farm
lands, with complete lists of farms
for sale and farms for rent, and all
possible details about these lands.

A thorough scheme of rural edu-
cation with county organization so
provided that the county headquar-
ters would have a complete list and
careful rating of every farm operat-
ed within the county.

Such state legislation as is a nec-
essity to take over by some public
service corporation, land not al-
ready developed—these lands to be
developed, parceled out and sold, at
advantageous terms, to select farm-
ers who do not own any land, but
who are seeking to become perma-
nent settlers, living upon and operat-
ing their own farms.

Team work by existing market-
ing agencies, was urged as the solu-
tion of the marketing problems, by
George P. Hampton, Washington,
secretary of the National Marketing
committee. Better banking facili-
ties, lower rates of interest, more
efficient transportation, at lower
freight rates, and better merchan-
dising were some of the things he
suggested for reform. The banker,
merchant, and railroad man are up
against marketing the crops he said.
These agencies, he claimed, have
been "going it alone," to secure the
ends that would better be secured
through team work.

Fred W. Davis, commissioner of
agriculture in Texas, told last now
how the state warehouse commis-
sion law permitted the farmer to
hold his cotton for prices that suited
him, raising necessary money on

No More Backache
No More Misery

If you suffer with pains in your
back and sides or have any signs of
kidneys or bladder trouble such as
rheumatic pains, puffy swellings un-
der the eyes or in the feet and an-
kles, if you are nervous, tired and
run-down, or bothered with urinary
disorders, Solvax will quickly and
surely relieve you of your misery.

Solvax is the most potent remedy
yet devised for ridding the system of
uric acid and driving out all the
poisonous impurities which cause
such troubles. It neutralizes, dis-
solves and makes the kidneys sift
out all the uric acid and poisons left
by the blood, and renders the kid-
neys and urinary organs clean, vig-
orous and healthy.

Johnson's Drug Store, the popular
druggists, say that no medicine
ought to be paid for unless it does
the user some good. They therefore
sell Solvax under a positive guaran-
tee to quickly relieve the worst cases
of kidney trouble or refund the mon-
ey. Try Solvax today and if you
cannot see and feel a decided change
for the better just go to Johnson's
Drug Store and tell them you want
your money back, they will return it
without question. This is the strong-
est argument that can be offered in
behalf of any medicine.

his warehouse receipts. State colo-
nization was urged by Harris Veing-
stock, banker and member of the
United States Industrial Relations
Commission, last night. Charles A.
Lyman, president of the Wisconsin
society of Equity, described agri-
cultural co-operative marketing in
Wisconsin. The producer himself is
responsible for losses in shipping,
and standards in quality and pack-
ing should be enforced, R. W. Hock-
day, industrial and agricultural
agent for the M. K. & T. said.

HERE AND THERE IN
THE NEWS OF THE DAY

Washington, D. C., Dec. 1.—The
138,729-acre national forest in the
western Kansas sand hills was
abolished by Presidential proclama-
tion today. A small part of this
may be made a government antelope
reserve. The balance will be thrown
open to homestead.

Milwaukee, Wis., Dec. 1.—The
proposed appointment of Miss Le-
more Cawker as city dog catcher at
\$1,200 a year, is to be considered
by the city council here today.

Denver, Colo., Dec. 1.—The city
commission, fearing a financial de-
ficit, will sell the city's 150 voting
machines worth \$112,000, to the
highest bidder, it is announced.

Quincy, Ill., Dec. 1.—To plan the
development of Mississippi river
traffic, delegates from points along
the stream met here today. A deep-
er channel and docks are wanted.

Chicago, Ill., Dec. 1.—Governor
Ferguson of Texas is expected to tell
delegates to the National Marketing
and Farm Credits conference here
today, how insurance and invest-
ment companies can aid landless
men to become landowning farmers.

St. Louis, Mo., Dec. 1.—Western
railroads asking increased rates on
implements, cotton piece goods and
coal, presented testimony before an
Interstate Commerce commission re-
presentative at today's session of
rehearing of the Western Rate case.

QUICK RELIEF FROM
CONSTIPATION

Get Dr. Edwards'
Olive Tablets

That is the joyful cry of thousands since
Dr. Edwards produced Olive Tablets, the
substitute for calomel.

Dr. Edwards, a practicing physician for
17 years and calomel's old-time enemy,
discovered the formula for Olive Tablets
while treating patients for chronic con-
stipation and torpid livers.

Dr. Edwards' Olive Tablets do not con-
tain calomel, but a healing, soothing vege-
table laxative.

No griping is the "keynote" of these lit-
tle sugar-coated, olive-colored tablets. They
cause the bowels and liver to act normally.
They never force them to unnatural action.
If you have a "dark brown mouth" now
and then—a bad breath—a dull, tired feel-
ing—sick headache—torpid liver and are
constipated, you'll find quick, sure and only
pleasant results from one or two little Dr.
Edwards' Olive Tablets at bedtime.

Thousands take one or two every night
just to keep right. Try them. 10c and 25c
per box. All druggists.

OBITUARY

Lorena, daughter of Sarah and
James Hardwick was born October
21st, 1891. She grew to womanhood
and made the home cheerful, bright
and entertaining. Last spring she
became afflicted and after several
weeks of suffering she was advised
by physicians to go west. She and
her parents immediately went to
Roswell, New Mexico. Every effort
within reach of human hands was
made to restore health; but the
reaper, whose name is Death came
and her spirit took its upward
flight October 22nd, 1915 aged 24
years and 1 day. She leaves father,
mother and a host of relatives
and friends to mourn the loss of
a loving daughter, a kind and af-
fectionate friend. Rena, as she was
familiarly called, was a great
worker in the Sunday School and
church. She made the good confession
at Big Flatrock Christian
church, October 26, 1910, under the
preaching of the Rev. M. V. Foster.
When preparing to go West, she
spoke a great number of times of
how sorry she was to leave Flat-
rock, and all her associates there.
She was secretary of the Sunday
school for some time, and had been
teacher of the "Treasure Seekers"
class for several years. She was
loved very much by her class, and
her kind and winning ways made
friends of every one. As long as
she was able to write she would
send back the question: "How many
were as Sunday school Sunday?"
and "How many were in my class?"
Thus forgetting self even in afflic-
tion. During all these months of
suffering, Rena was always bright
and cheerful, nor did she murmur
and complain because she could not
enjoy herself with her lifelong
friends in Indiana.

Through all pain at times she'd smile
A smile of Heavenly birth,
And when the angel called her home
She smiled farewell to earth.
Heaven retaineth now our treasure
Earth the lonely casket keeps
And the sunbeams love to linger
Where our loving daughter
sleeps.

'Tis hard to break the tender cord
When love has bound the heart
'Tis hard! So hard to speak the
words
We must forever part.

Farewell dear, but not forever
There will be a glorious dawn,
We shall meet to part, no never!
On the resurrection morn.

Her remains were brought back
and funeral services held at the
Moscow Christian church Oct. 26th.
the Rev. E. E. Kuhn of Colfax, In-
diana, officiating. The young ladies
of the Anti-Cant' class were pall-
bearers. The high esteem in which
she was held was evidenced by the
many beautiful floral offerings given
by the Anti-Cant's, Treasure Seek-
ers, Loyal Sons, Epworth League
and neighbors and friends. She was
buried in the Moscow Cemetery,
there to await the resurrection morn.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys
if Bladder bothers you—Drink
lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

COMMISSION IS HAVING TROUBLE

Federal Board Hit Snag When it At-
tempts to Determine What is

"Unfair Competition"

MANY COMPLAINTS FILED

Court Decisions Differ in Many

States so as to Make Matter

Very Complicated

(U. P. Staff Correspondent.)

Washington, D. C., Nov. 30.—

"What is unfair competition?"

The Federal Trade Commission, after months of trying to find out, is about where it began on that question. Ask a member what is unfair competition, he'll parry with the plea that you ask him about some individual case. Complaints to the commission show that every sort of competition which can't be met seems unfair to the man who can't meet it; and the defenses offered indicate that anything goes in the rough and tumble game of business.

In the new cafeteria stores in some places in the East, a man may go in, help himself and be checked out at the door. That makes it possible, say the merchants to sell a 15-cent article for 13 cents. Grocers brand such competition unfair.

Or take the chain-stores, buying in large quantities at cut prices, even on standard articles. Ordinary retailers faunch and cave considerably when they write the commission about these establishments. They tell about the big concern which sells a 20-cent article for 15 cents in one town and for 25 cents in another, to crowd out a competitor in the 15-cent district. "We're big and entitled to take advantage of our bigness," such concerns tell the commission.

Then there's the man who finds that someone is imitating his first class goods and selling slightly under his price; the man who makes a standard article and cannot keep some retailers from knocking a cent or two off its price to attract other trade.

There have been approximately 100 types of complaints filed, ranging in merit from what the commission considers merely a case of more efficient business conduct to a number of cases of down-right skull druggery. There are state court decisions on many cases, so that what is not fair in one state is O. K. in another.

Wherefore the invitation. If anyone thinks he knows what is unfair competition, will he kindly drop a line or two to the commission?

AVOID MISTAKES

No Need to Experiment With Rush-
ville Evidence at Hand.

There are many well-advised kidney remedies on the market to-day, but none so well-recommended as Doan's Kidney Pills.

Read this Rushville case:

Frank McFarland, 830 West Tenth street., Rushville, says: "Last winter my kidneys began to get weak and in a short time I was so bad that I could hardly be about. My back was in terrible shape. It ached so especially at night that I could hardly sleep and in the morning, it was stiff. If I bent over, I could hardly straighten up again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good success that I thought I would try them, so I got a box at Johnson's Drug Store. They helped me and I kept on using them until cured."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. McFarland. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

"WETS" ENTERED PROTEST

(By United Press.)

Elwood, Ind., Dec. 1.—The Elwood Tabernacle will be torn down within the next few days. The scene of the recent revival it was hoped by the dry forces, that it could also be used for mass meetings of the dries during the campaign, for the coming liquor election.

But to this the wets objected, and they pointed out that the building was far from fireproof, though standing within the zone where fire proof buildings are required. Threats that the building would be burned if it were not torn down were received.

Following a conference of ministers, lumbermen and the mayor, it was announced the building could stand until about Dec. 1. Meanwhile a watchman has been on guard day and night.

PENNY ZONE WAY PUT INTO EFFECT

Interstate Public Service Company
System of Fares to Conform
With Other Companies

MEANS SLIGHT INCREASE

(By United Press.)

Indianapolis, Ind., Dec. 1.—The Interstate Public Service company, operating a traction line from Indianapolis to Seymour, today put into effect the "penny zone," method of charging for fares. This move was authorized by the public service commission. Officials of the company said it would mean an increase in gross revenues of possibly three or four percent.

"We have had no complaint concerning the change," said an official today. He said the following lines had adopted the "penny" or copper zone method: The T. H. I. & E. Traction Co.; the Union Traction Co.; the Forty Wayne and Northern Indiana and the Marion and Bluffton. Other cases are pending before the commission.

The fare from Indianapolis to Columbus will be increased from 65 to 70 cents one way and on limited cars the fare is 80 cents. Another increase is between Franklin and Columbus, which was 30 cents and is now 43 cents.

LOCAL TEAM AT SHELBYVILLE

Rushville Faces Hard Game Friday
Night But Stands a Good
Chance of Winning.

CROWD OF ROOTERS GOING

Several Years Since Locals Won
From This Team and a Vic-
tory Would be Acceptable.

The Rushville high school basketball team faces one of the hardest games on the schedule Friday night when the team goes to Shelbyville. A number of rooters will make the trip to Shelbyville as the dope points to a Rushville victory.

It has been several years since Rushville has won a game from Shelbyville and this year the team is believed to have a chance. Coach Burns has been working the team hard this week in preparation for this game and a win over Shelbyville would not come as a surprise. The following from the Shelbyville Democrat will be of interest here:

On Friday night of this week the five representing the local high school will meet the five from the Rushville high school on the Boy Scout floor in the third game of basketball on the local schedule. The local boys are working this week under the care of Fred Deitzer, a former high school basketball star.

For the past few weeks the boys have been taking the grind under Dorsey Jones, but he was unable to continue to give the time necessary to the training of the team. His work has been greatly appreciated by the boys and they have profited from his knowledge of the game. He will continue to referee the game.

He will continue to referee the games that are played on the home floor.

The Rushville quintet comes here with one of the strongest teams that place has been able to get together for the past five years. Heretofore it has been an easy matter for the locals to run up a score that the Rushville team could never hope to, pull down, even on the Rushville floor, but this year the locals are promised a hard tussle from the first whistle. They proved that they were equal to the Morristown boys last Friday night by defeating them by an overwhelming score and local dopesters have it that the boys can turn the trick with the Rushville aggregation.

EAST AND WEST IN BIG GAME TODAY

Syracuse Tackles Strong Oregon
Aggies at Portland in Inter-
sectional Battle

GAME ATTRACTS ATTENTION

(U. P. Staff Correspondent.)

Portland, Ore., Dec. 1.—The east and the west are to contend for gridiron supremacy here this afternoon, with Syracuse university and the Oregon Agricultural college eleven representing their respective sections of the country.

Seldom has a game attracted more attention. Multnomah field, judging from advance ticket sales, will be crowded to capacity with spectators when the whistle starting the unusual intersectional game, is blown. The teams seemingly are evenly matched. Neither has any great advantage in weight and the record of both this season has shown them to be first class organizations.

Syracuse has played some mighty classy football this year, while O. A. C. astounded the football world

by winning from the Michigan Aggies, 20 to 0, after the Michiganders had walloped the University of Mich.

BIBLE INSTITUTE IS PLANNED HERE

Ministerial Association Hopes to
Observe Week of Prayer With
Special Services.

CONDUCTED BY BIBLE EXPERT

The Protestant churches of the city are planning to unite in the observance of the week of prayer this year. Union services will be held each night during the week and an effort is being made to obtain the services of an expert to conduct a Bible institute during the week for benefit of church and Sunday school members and other students of the Bible. The week of prayer will open Monday, January 3.

The Rushville Ministerial association also plans to honor Dr. A. W. Jamieson with a union service at the United Presbyterian church Sunday evening, Dec. 26, which will be the last sermon by Dr. Jamieson here. It will mark the close of his pastorate in Rushville. He will become superintendent of the Synod of Indiana of the United Presbyterian church.

One Group Insistent on Government
of Peace Terms—Admission of
Weakness.

FOOD REGULATION AT ISSUE

(U. P. Staff Correspondent.)

BY CARL W. ACKERMAN.

Berlin, Dec. 1.—A split threatens Socialist ranks in the Reichstag. Exciting caucuses are being held. A week's recess of the Reichstag is likely. In this time the Socialists leaders hope to get the factions together. They realize that it will be difficult.

One group is insistent on a government statement of the peace terms Germany will accept. The other believes this would be a concession of weakness. There is also a difference of opinion over government food regulation. One side is satisfied with present methods. The other considers them ineffective.

DENIED HE EVER SAW MESSMORE

Paul H. McConnell, Druggist, Declares he Did Not Sell Prosecuting Witness Whiskey.

ILLEGAL SALE IS ALLEGED

Messmore Says no Questions Were Asked and he Signed no Paper When he Made Purchase.

The case against Paul H. McConnell, proprietor of the Court House Drug store, charged with the illegal sale of intoxicating liquor, went to the jury his afternoon about three o'clock. The case did not require very long to try as only five witnesses were examined. Some difficulty was had in obtaining a jury, but all of the evidence was introduced by noon and the argument started following the noon recess.

The defendant, McConnell, was charged in an affidavit with having sold Isaac Messmore, a farmer of Walker township, a quart of whiskey contrary to law, the violation being in that Messmore did not make written application and that he was not known to the druggist. The transaction was alleged to have taken place September 21. McConnell's defense was that he never sold Messmore the whiskey and denied on the witness stand that Messmore had ever been in his store.

Messmore, the prosecuting witness, was the first witness for the state. He told of his visit to Rushville on the day the whiskey was alleged to have been sold to him. He said that his son-in-law, Ezra Baker, accompanied him here and that after visiting the Pinnell-Tompkins lumber yard and the Bliss and Cowing store he went to the McConnell drug store and secured a quart of whiskey. Messmore stated that there was a woman and another man in the store other than McConnell when he made his purchase.

Messmore told the jury that he did not sign any application to secure the liquor and that McConnell did not inquire as to whether he was a drinking man. On cross-examination Messmore stated that he signed the affidavit against McConnell after he had paid a fine of one dollar and costs in police court on the charge of being drunk. Messmore told the jury that while he was in the drug store Baker waited for him on the northwest corner of the court house square.

Baker, the son-in-law, was then called by the state. He recalled waiting for Messmore, but did not remember which store on the west side of the public square Messmore entered. He was not positive that Messmore entered a drug store that day, but said that when Messmore approached him he carried a few bundles in his arms and that while on the way home that afternoon Messmore opened one of the packages and they took a drink from the bottle.

T. M. Green was next called to the stand. He gave the location of the McConnell drug store, but his testimony had no direct bearing on the case.

The defense introduced only two witnesses—Mr. McConnell and his wife. McConnell stated that he never saw Messmore until he appeared in court this morning and that he was never in his drug store. He denied ever selling him a quart of whiskey. He stated that he was married on September 6 and that at the time the sale was alleged to have been made he and his wife had not gone to housekeeping and that his wife spent most of her time at the store. He also told the jury that during the week of September 21 the

TWO INDICTMENTS RETURNED TUESDAY

Grand Jury Finds Two True Bills And Adjourns Until Tuesday of Next Week.

ONE AGAINST C. JOHNSON

The grand jury returned two more indictments Tuesday afternoon before adjourning to meet again next Tuesday. One of the indictments was against Clayton Johnson, who has been in the county jail for some time for the violation of a guardianship trust. Johnson was indicted on the charge of embezzlement.

The indictment sets forth that on October 2, 1905 he was appointed guardian for Leo and Ora Johnson, his two children and received as part of the assets of the estate the sum of \$346.85. The indictment charges him with failing to pay over or make an accounting to Thomas M. Green, the present guardian. Mr. Green was appointed guardian after Judge Sparks had removed Johnson. It is alleged that Johnson feloniously and unlawfully retained the money belonging to the trust.

The other indictment was not made public as no arrests have been made. It is understood that the parties indicted are not residents of this county.

LOCAL BOY TO BE IN FORD PEACE PARTY

John Frazee Accepts Invitation of Detroit Millionaire as Representative of His School.

WILL SET SAIL ON SATURDAY

John Frazee, a student in the University of Wisconsin, at Madison, Wis., son of Mr. and Mrs. John P. Frazee of North Main street, will arrive in New York Saturday morning and will immediately embark on a vessel chartered by Henry Ford, Detroit millionaire, as a member of the Ford peace party.

The information was contained in a telegram received this afternoon from Mr. Frazee at Madison. The invitation was extended several days ago, but Mr. Frazee learned his parents' wishes before he replied to the invitation.

The selection of Mr. Frazee as the one to represent the university of Wisconsin in the Ford party was a distinct honor to him. Ford invited one student from the twelve largest universities in the United States. The Rushville boy was selected because of his attendance and prominence in the peace conference at Ithaca, N. Y., last summer.

ADDITION MADE TO THE PROGRAM

John R. Dollings of Hamilton, O., Head of Firm of Investment Bankers, Will Speak.

OPPORTUNITY TO GET HIM

Appeared Recently at Richmond Y. M. C. A. Meeting and Was Complimented for Address.

Announcement was made today that the Chamber of Commerce membership banquet tonight in the basement of the Main Street Christian church at six-thirty o'clock would be doubly attractive because another speaker had been obtained.

R. L. Dollings, president of the R. L. Dollings company of Hamilton, Ohio, which has just perfected a branch in Indiana, will arrive here at six o'clock and will speak at the dinner tonight. Mr. Dollings is a speaker of great ability and is acquainted with the ambitions and aims of commercial organizations.

Mr. Dollings is known here and when it was learned that he was in Indianapolis today on business, stopping off while enroute to Brazil, Ind., on business, an invitation for him to speak here tonight was extended by telephone and was promptly accepted.

The dinner will be served promptly at six-thirty o'clock. All those who have not purchased tickets are urged to do so before going to the dinner. The program will be carried out as announced yesterday, with the addition of the address by Mr. Dollings, so far as was known today.

Mr. Dollings is known as a man who clings to an ideal. It is stated that it is "the ideal" of the subject in hand that always claims his attention in a public address. He has frequent invitations for public addresses, but is seldom able to accept. It is considered most fortunate that it was possible to have him present at this time.

Illustrative of the kind of man he is, a Richmond newspaper publishes an editorial concerning an address by Colonel Dollings by the Richmond Y. M. C. A. recently. It is reproduced herewith:

Colonel R. L. Dollings of Hamilton, the head of a financial house whose interests employ probably 5,000 men, in an address at the Richmond Young Men's Christian Association Friday night gave expression to a sentiment that is rapidly making headway among all employers, when he remarked that "it is the clean chap—the fellow who doesn't need the dirty story to get an order—the fellow who can look you straight in the eye, for whom the business man of today is looking."

A clean mind is just as important as a clean body. The young fellow who has spent the night in a carousal, who passes his time loafing about a saloon, a cigar store, a pool hall, or standing on a street corner listening to and relating smutty stories, simply cannot have a clean mind. The environment and the associations are not conducive to that end. He isn't able to look another man squarely and convincingly in the eye. He becomes dependent rather than independent, while nine times in ten he will tell you that it is independence he is striving for.

The young man who starts out with the determination to make good, to win a place for himself in society and in the business world will do well to heed Colonel Dollings' advice. It isn't new—not by any manner of means. But more employers are insisting upon clean minds as well as clean bodies now than ever before in the history of America.

ARGUMENTS TO END THURSDAY

By Agreement Attorneys in Smith Trial Will Conclude Statements by Tomorrow Noon.

FIRST ONES THIS AFTERNOON

Twenty More Neighbors of Hollingsworth Testify to His Good Reputation This Morning.

(By United Press.) Indianapolis, Ind., Dec. 1.—Attorneys in the trial of Cassius C. Smith, charged with the murder of Marcellus Hollingsworth, his father-in-law, began arguments this afternoon. Both the state and defense agreed to end their pleas by noon tomorrow. The court will give his instructions Thursday afternoon. Twenty more farmers who were neighbors of Hollingsworth, testified this morning to Hollingsworth's good reputation for peace and quietude.

With the conclusion of rebuttal evidence of the state in the trial of Cassius C. Smith, former Rush county man charged with the murder of his father-in-law, indications today were that the case would reach the jury some time Thursday. Arguments by attorneys were to be started this afternoon.

The evidence was virtually finished Tuesday afternoon when court adjourned. In rebuttal the state introduced twenty farmers who reside in the vicinity of the home of the late Marcellus Hollingsworth, who was shot by Smith, most of whom said they had known Hollingsworth from twenty-five to forty years. The majority of them asserted that Hollingsworth had a good reputation and that he was not known to be quarrelsome. Some of them also testified that the reputation of Mrs. Smith, wife of the defendant and daughter of the murdered man, for truth and veracity was bad.

Mr. Smith testified in his own behalf Tuesday. He bared to the jury the family secrets of the Hollingsworth home, where Mr. and Mrs. Smith lived at the time of the shooting, in an effort to show Hollingsworth had bad habits and was of violent disposition when under the influence of liquor. The defendant went over a period of two years, and told of numerous instances where threats, alleged to have been made by Hollingsworth against his daughter, now Mrs. Smith, were communicated to him, and how he and his wife had cause to fear the murdered man.

Delmont Myers, age eleven, a son of Mrs. Smith by a former husband, testified to frequent alleged drunken escapades of his grandfather.

Smith was cool on the stand and seemed to be laboring under no excitement. He took the stand at 11 o'clock, Tuesday and was under a fire of questions most of the day. He told of being threatened by Hollingsworth.

Delmont Myers, testified he had been afraid of his grandfather. The admission of Mrs. Smith on the stand that her father was shot while seated in relief upon by state, it is understood, to undermine Smith's claim of self-defense.

It became known today the jury, when it was impaneled, was not asked its opinion on capital punishment at the request of Dr. M. P. Hollingsworth of Princeton, brother of slain man, who is attending the trial. Dr. Hollingsworth is opposed to capital punishment, although he believes Smith should be sentenced to life imprisonment.

Mrs. Wilbur Holloway of Brownsburg will come Friday to be the guest over Sunday of Mr. and Mrs. Charles Offutt.

TWO KOKOMO MEN KILLED

Unexplained Explosion This Afternoon Causes Deaths.

(By United Press.) Kokomo, Ind., Dec. 1.—Joseph Goryell, manager of the Kingston grocery and a man employed by the Indian Refining company as a driver, assisting him, were killed by an unexplained explosion this afternoon late while filling a gasoline tank at the grocery. The building was wrecked.

FIRE CAUSES HEAVY LOSS AT MUNCIE

Fanned by High Wind And Inadequately Combated, Flames do \$100,000 Damage Today

FOUR FIREMEN ARE INJURED

(By United Press.) Muncie, Ind., Dec. 1.—Fanned by a high wind and inadequately combated, flames gutted the Surber block here today, causing \$100,000 damage and resulting in the serious injury of four firemen. Origin of the fire is unknown. Heroic work by firemen failed to prevent the spread of the flames. They swept almost unhindered through the store of the Atlantic and Pacific Tea company, the Kresge Five and Ten Cent store and drove guests of the Paris hotel from their rooms.

The injured firemen are Carl Power, head badly cut by falling walls; Nelson Smith, overcome by smoke; Chat Taylor, badly bruised in fall from ladder; William Guffigan, bruised, cut and overcome by smoke.

ISSUES ON PRIMARY LAW MAY BE JOINED

Attorney General Expects to Get All Questions About Constitutionality Decided.

BY STATE SUPREME COURT

(By United Press.) Indianapolis, Ind., Dec. 1.—All issues against the Jones primary law may be joined before the supreme court and the whole matter of the constitutionality of the law may be threshed out.

This was the opinion of Attorney General Stotsenburg today. He said that if those back of the case attacking section 10 to be appealed from Marion county, did not ask to have that case consolidated with the one from Floyd county, he would do so. He expects those interested in the Marion county case to request such action.

The primary case appealed from Floyd county is sent for hearing December 15.

CO-EDS TO HELP

Greencastle, Ind., Dec. 1.—DePauw university co-eds will sell Red Cross stamps on the campus and about this city until Christmas day. The work will be under the supervision of the DePauw civic league comprised of women of the university.

The league hopes to sell an average of ten stamps per student which will net approximately \$100. One fourth of that will go to the Red Cross society and the remainder will be given to the local anti-tuberculosis society.

EFFORT TO TAKE WILSON'S LIFE

This is Revealed in Examination of Chemist Who Said he Was Approached by High Officials.

LIQUID FIRE ALLEGED MEANS

E. W. Ritter Swears he Was Approached and Asked to Sprinkle it on President and Garrison.

(By United Press.) Cleveland, O., Dec. 1.—An attempt on the life of President Wilson and Secretary of War Garrison with liquid fire was proposed, according to information alleged to have been obtained by County Attorney Cyrus Locher from E. W. Ritter, a chemist, under arrest here, it was learned this afternoon. A court stenographer's record purporting to be that taken while Locher was examining Ritter stated that the plan was suggested by "two men, high in official life."

Dr. Ritter, held on a fraudulent check charge, denied he had made such a statement to Locher.

Harold DeWoody, special agent of the department of justice, who had been trailing Ritter for a year swore to the warrant served on the chemist. DeWoody has been investigating bomb plots.

Ritter admitted he invented the original liquid fire.

This is part of the statement Locher is alleged to have secured: "Two men, high in official life came to me and proposed that my liquid fire be used to sprinkle on President Wilson and Secretary Garrison. 'No, No,' I exclaimed, 'that would be terrible. I will never do it.'"

"Well, well, let's not talk about it."

This question was then asked Ritter:

"Why wasn't it proposed to shoot the president?"

"The men said shooting would mean arrest. With liquid fire, you use it from a rubber ball upon a person's clothes and go away. In a few minutes, poof! The liquid fire blazes."

This alleged record was ordered by DeWoody, who is to forward it to Washington.

OPERATORS MAY WALK OUT.

(By United Press.) Terre Haute, Ind., Dec. 1.—At the Big Four offices it was admitted this afternoon that there is serious talk of a walk-out of 250 Big Four operators between St. Louis and Indianapolis. Edward Whalen, representing the operators is in Indianapolis. The operators want a ten-cent increase.

THAT INTENSIVE HEN

The Hen laid an egg and cackled her head off;

The Goose laid an egg and never opened her head.

Do you ever have a call for a goose egg?

Moral: Sell Advertised Goods.

And it might be added to this time honored philosophy that the hen is an intensive advertiser.

She does her cackling in the vicinity of the egg and does not try to cover the continent with one faint squawk.

She disposes of her goods at the most convenient market—seeking the short cut from production to demand.

If she used the printed word she would be a constant newspaper advertiser.

Society News

Harold Jones entertained the following last evening at his home in East Fifth street: Aline Green, Margory Clark, Cleta Mack, Mildred Oneal, Louise Hogsett and Carl Higgs, Frank Kelly, Gerald French, and Walter Stevens. The evening was spent in games and light refreshments were served.

Mrs. Sarah E. Mull delightfully entertained ninety guests with a musical yesterday afternoon at her home in North Perkins street. The spacious Mull home was artistically decorated in yellow chrysanthemums. The artists giving the afternoon's entertainment were Miss Blanche Clark, harpist, Miss Cochran, soprano and Miss Hacker, a reader of great ability, all from Indianapolis. A varied program of great merit was given. An elegant luncheon was served.

Amusements

The Princess offers a big double program for tonight. Lillian Lorraine and William Courtley are featured in "Neal of the Navy." In this episode Annette is rescued by a squad of U. S. Marines and Hernandez is chased to the roof of Lonesome Cove Inn which he escapes, by making a sensational jump. Leah Baird, Mary Maurice Costello are featured in "Dorothy." Tomorrow Viola Dane will be seen in a three part drama, "Her Happiness."

The approaching visit of Nat C. Goodwin to the Gem Theater tonight in the Universal's six-act photoplay adaption by F. McGrew Willis of Octave Mirabeau's famous French tragedy, "Business Is Business," serves to recall the initial presentation of that drama to an audience at Hollywood, California, recently. The audience was composed of the most famous moving picture directors, players and officials in the country—all of them personal friends of the "best liked actor in America." Many of them motored over to Hollywood from Venice, Cal., where Mr. Goodwin conducts "the best cafe west of New York" in a great specially constructed pavilion which stretches far out over the ocean.

Among those in the audience at the first presentation of "Business Is Business" were D. W. Griffith, Mack Sennett, Charlie Chaplin, Frank Keenan, Gertrude Farrar, Eddie Foy, Roscoe Arbuckle, Fred Mace, Thomas Ince, Othman Stevens, Blanch Ring, Kitty Gordon, Hobart Bosworth, Fred Balsdorfer,

Raymond Hitchcock, Cecil B. De Mille, Thomas Jefferson, Tully Marshall, Paul Schenck, Frank Woods, C. Winniger, Charles Giblyn and Mr. Goodwin himself.

"The Queen of Jungle Land," a three part Bison Wild Animal drama of the African Veldt and jungles which relates amazing adventures, featuring Edith Sterling Sherman Bainbridge and Wellington Playter, will be shown tomorrow.

KING PETER IS FUGITIVE

Ruler of Serbia Flees From Prisrend When it Falls.

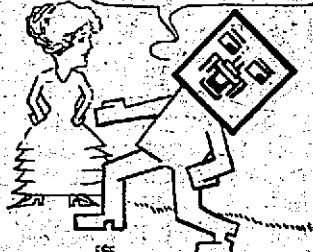

(By United Press.)

Berlin, (Via Sayville), Dec. 1.—King Peter of Serbia fled on horseback from Prisrend Sunday afternoon, the day before the Bulgars captured the town, according to a Sofia telegram received here today. Where he is now the Bulgars do not know. With him in his flight is Prince Proubetskoy, Russian ambassador to Serbia. The king and his Russian companion were about without attendants. Prisrend's captured by the Bulgars was reported in an official statement dated Monday. The fight for the town was short and resulted in the capture of 16,000 to 17,000 Serbs and quantities of munitions.

OLD-TIME COLD CURE DRINK HOT TEA!

Get a small package of Hamburg
Brew Tea, or as the German folks
call it, "Hamburger Brew Tea," at any
pharmacy. Take a tablespoonful of the
tea, put a cup of boiling water upon
it, pour through a sieve and drink a
teaspoon full at any time during the
day, or before retiring. It is the most
effective way to break a cold and cure
grip, as it opens the pores of the skin,
relieving congestion. Also, loosens the
bowels, thus breaking up a cold.
Try it the next time you suffer from
a cold or the grip. It is inexpensive
and entirely vegetable, therefore safe
and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles
with a small trial bottle of
old St. Jacobs Oil

Stop "dosing" Rheumatism.
It's pain only, not one case in fifty
requires internal treatment. Rub sooth-
ing, penetrating "St. Jacobs Oil" right
on the "tender spot," and by the time
you say Jack Robinson—out comes the
rheumatic pain. "St. Jacobs Oil" is a
harmless rheumatism cure which never
disappoints and doesn't burn the skin. It
takes pain, soreness and stiffness from
aching joints, muscles and bones; stops
sciatica, lumbago, backache, neuralgia.
Linger up! Get a 25-cent bottle
of old-time, honest "St. Jacobs Oil"
from any drug store, and in a moment
you'll be free from pains, aches and
stiffness. Don't suffer! Rub rheuma-
tism away.

In the north of Indianapolis mer-
chants to year down the smaller
county seat towns by offering allur-
ing inducements to get people to
journey to Indianapolis. The Colum-
bus merchants have announced
that they will stand behind every
proposition they make in their ad-
vertisements. If there are those who
purchase at the "Suburban Day"
sales and feel afterwards that they
have a grievance, they are referred
to the secretary of the Columbus
Chamber of Commerce who takes up
all complaints and investigates them
thoroughly.

In this connection, it might be
said that Rushville merchants make
a business of standing behind every
statement they make in their ad-
vertisements. They will be in the
columns of the Daily Republican
frequently between now and Christ-
mas advertising their goods and urg-
ing the people to do their Christmas
shopping early so as to get the pick
of the stock.

Of course, the old admonition
about shopping early is coming to
be kind of a chestnut, but neverthe-
less, it is bearing fruit and a vast
difference between the holiday shop-
ping of the present day and several
years ago is seen. It has undoubt-
edly borne fruit. If you haven't
done any Christmas shopping yet, it
might be a wise idea to look over
the displays right now while they
are spic and span and new. You will
see something you like.

The Richmond Palladium comes to
bat again with tearing of its hair,
wailing and gnashing of teeth and
as usual fans. The Palladium is con-
siderably perturbed about the an-
nouncement of the formation of the
Indiana Business and Prosperity
League. The Palladium at once
sees in it a boost for James E. Wat-
son's candidacy for the Republican
nomination for United States sena-
tor.

The Palladium then proceeds to
expound at length on Mr. Watson,
its avowed enemy. The Palladium
refers to "Mulholland," whoever
that is. It is gathered from the ex-
tended ranting that the Palladium
meant well enough. The Palladium
probably was speaking of Colonel
M. M. Mulhall. If the Palladium
was no nearer the truth in regard to
the declarations about Mr. Watson
than it was about the spelling of the
name, it was some distance from the
facts in the case. The Palladium
probably never went to the trouble
to get a copy of the congressional
report on the Mulhall investigation.
But perhaps the Palladium does not
care to know the truth.

At Indianapolis, last January,
President Wilson assured a partisan
meeting which he there addressed,
that "this country is not going to
use any party that cannot do con-
tinuous and consistent team work."
The Democratic party is showing
that it cannot do this. Bryan, Kit-
chin, Bailey, Fitzgerald and others,
on one subject or another, are at
odds with the President. Though
commanding a majority in both
House and Senate, the President
cannot bring his party to work and
vote with him on the vital question
of national defense. "Continuous
and consistent team work" is no
longer a Democratic characteristic;
and this country is not going to use
that party any more.

In all polite circles it is assumed

ly in his conviviality.

HALL-MULL CASE IS SET FOR TRIAL

Special Judge Gause of Newcastle
Here in Consultation With At-
torneys and Sets Date.

MORTGAGE IS FORECLOSED

While Judge Sparks was engaged
in the trial of a criminal case in cir-
cuit court, Judge Gause of New-
castle was here in consultation with
attorneys regarding the trial of the
Hall-Mull case, in which he will act
as special judge. The case has been
set for trial several times and always
has been postponed. It was finally
decided this morning that the
case would be tried, starting on
January 24, 1916.

Judge Sparks returned his finding
this morning in the case of the
Greenfield Building and Loan asso-
ciation against Jerry Lyman, Mar-
garet Lyman, Thomas H. New and
Emma Barrett, on a note and to
foreclose a mortgage, demanding
\$1,050. The case was sent here
from Hancock county. Judge
Sparks found for the plaintiff
against Jerry and Margaret Lyman

TO CARRY GIFTS TO CHINESE

Winnifred Muire Will Take Back
Presents From Rushville.

Miss Winnifred Muire of this city,
who has been a Methodist mission-
ary to China for several years and
who has been home on an extended
vacation, will leave next week to re-
turn to her duties. Children of St.
Paul's M. E. Sunday school have
been requested to take a small
Christmas gift for the Chinese chil-
dren to Sunday school next Sunday
and they will be taken to China by
Miss Muire. And others who would
like to contribute to the Christmas
of the little folks in the far east are
also requested to hand their gifts to
Miss Muire.

THREE MINISTERS RESIGN

Arouses Discussion of Austria's
Separate Peace Efforts.

(By United Press.)
Amsterdam, Dec. 1.—The emper-
or of Austria today accepted the
resignations of his ministers of
finance, the interior and commerce,
according to Vienna advices.

The three resignations naturally
are associated in diplomatic com-
ment with reports that Austrian
leaders have been discussing a sepa-
rate peace for their country. The
general assumption is that these
three favored such a step and were
overruled.

HOOSIER HISTORY

Prepared for the United Press by
the Centennial department of the
Indiana Historical Commission.

"Indianapolis was a rendezvous
for returning and departing troops.
They needed a place for rest and re-
freshment—an agent was placed at
the railway station to attend the
arrival and departure of trains and
furnish meals and lodging." Later
the federal government at Morton's
instance erected a building. Furnish-
ed by the state, where the soldiers
were fed and sheltered on their
way back and forth. Before the
close of the two other buildings were
erected. The expense of maintain-
ing these buildings was borne by the
Indiana Sanitary commission, or-
ganized by the governor.

WARD H. HACKLEMAN WINS PROMOTION

Rushville Boy Appointed Co-Man-
ager Indianapolis District Mas-
sachusetts Mutual.

GIVEN MERITED ADVANCE

Ward H. Hackleman, son of Dr.
and Mrs. F. G. Hackleman of this
city, who has been in the insurance
business in Indianapolis the last
few years, has been appointed co-
manager of the Indianapolis district
of the Massachusetts Mutual Life
Insurance company. Over the
signature of the vice-president of
the company, the following an-
nouncement has been made:

"We take pleasure in announcing
the promotion of Mr. Ward H.
Hackleman to the position of Co-
Manager in our Indianapolis Agen-
cy. To Mr. Warren C. Flynn, for
several years its Manager, has
been assigned additional territory,
and the enlarged field makes neces-
sary a sharer in the work of man-
agement. Mr. Flynn has therefore
formed a co-partnership with Mr.
Hackleman, and the firm will be
known as Flynn & Hackleman, Man-
agers.

"Mr. Hackleman has for several
years been an active and successful
representative in our Indianapolis
Agency. He is well fitted to repre-
sent the Massachusetts Mutual, by
ability and by experience, and we
earnestly commend him to the in-
suring public. And we are con-
fident that the fine service which this
Company is now furnishing to its
Indiana members will be extended to
an increasing number who through
his efforts will entrust their life in-
surance interests to the Massachu-
setts Mutual."

MANY CITIES JOIN IN THE MOVEMENT

Electric Prosperity Week is Being
Observed Generally Through-
out Indiana This Week.

SIGNS ARE A BIG FEATURE.

(By United Press.)

Indianapolis, Nov. 30.—Indiana
cities generally joined with cities
throughout the United States today
in celebrating the opening of "Elec-
tric Prosperity Week." In most of
the cities of any size the electrical
men had prepared a program de-
signed to demonstrate the value of
electricity to all walks of life.

Electrical men here asserted that
they were fortunate in that it was
apparent their week would usher in
the real Christmas shopping season.
Electrical contrivances suitable as
Christmas presents formed a notice-
able part of the display in the Bad-
ger building, where dealers and con-
tractors of the "do it electrically"
faith had erected booths.

Signs telling that 8,000,000 "elec-
trical servants" had been sold in
America and that 3,025,995 electric
irons and 1,629,414 electric fans
are now in use, are on display.

"Electric Prosperity Week" is
idea of the Society For Electrical
Developments, a national organiza-
tion.

clerk at the drug store was taking a vacation.

"You have been selling 'blind tiger' whiskey rather freely over there haven't you?", he was asked by John Tittsworth on cross-examination. McConnell denied this. McConnell admitted that his acquaintance with the farmers of Rush county was limited as he has been here since December 5, 1913. On cross-examination he stated that he sold a barrel of whiskey on an average of every six weeks.

Mrs. McConnell testified to about the same things that her husband did. She told of their marriage and of how she spent most of the day at the store when they were first married. Mrs. McConnell stated that she is the daughter of a Baptist minister and that her home at the time of her marriage was in Indianapolis. Messmore on the stand had previously stated that he believed Mrs. McConnell was in the store at the time he bought the whiskey. Mrs. McConnell told the jury that she never saw the man before until today. She stated that she was very much surprised and humiliated when her husband was arrested on the charge.

Prosecutor Stevens was assisted by John A. Tittsworth and the defense was represented by Kiplinger and Smith.

The jury which tried the case was as follows: Frank Huddleson, William Dagler, Ora E. Hite, Arthur George, William M. Jackson, Henry Hungerford, Charles Hall, Thomas Ertle, James Fisher, Henry W. Becker, E. A. Kirkpatrick and Oliver M. Siler.

DEFENSE RESTS IN CONSPIRACY CASE

Hamburg-American Managing Director Says he Urged Observance of All American Laws.

NO FALSE DESTINATIONS

(By United Press.)

New York, Dec. 1.—The defense rested at 3:10 this afternoon in the trial of four Hamburg-American line officials, charged with illegally furnishing supplies from American ports to German warships.

Karl Usbese, managing director of the Hamburg-American line, testified in his own defense today that he directed scrupulous observance of all American laws in forwarding supplies from American ports to German warships.

Usbese denied that to evade custom house authorities he directed the supply ships to give false destinations in their clearance papers.

"We wanted our ships to go to their stated destinations even if they were emptied of their cargoes by vessels met at sea, he said.

Here's Nature's Own Remedy For Catarrh

Hyomei Relieves Catarrh Without the Use of Dangerous Drugs.

Not until Hyomei was discovered has it been possible to truthfully say that a real remedy for catarrh was known.

Hyomei is an oil and its air is breathed through a small inhaler furnished with it for a few minutes four times a day, and during that time every particle of this Hyomei-laden air taken into the air passages and lungs is impregnated with a strong antiseptic.

Sprays and lotions often cause disorders of the respiratory tract or bring on some other diseases and never make a permanent cure of catarrh. But when the air of Hyomei penetrates to the inmost air cells of the lungs and enters the blood with the oxygen it not only kills the germs in the throat and nose, but kills the bacilli in the blood, freeing the mucous membranes from poisonous microbes and giving perfect health.

A complete outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

Johnson's Drug Store has so much faith in the merit of Hyomei that they agree to return the money to any purchaser who is not thoroughly satisfied.

FAIL TO RECEIVE GOOD PRICES

Speakers Declares Farmers of East do Not Get What They Should For Milk and Other Produce.

PLAN BETTER CONDITIONS

Distribution is Also Causing Trouble—Legislature For Their Benefit Suggested.

(By United Press.)

Chicago, Ill., Dec. 1.—Farmers of the east are not getting what is coming to them for milk, Milfred Wheeler, Boston, secretary of the Massachusetts board of agriculture told the national conference of marketing and farm credits in its third day's session today. Farmers are at the mercy of the big dealers, who pay farmers what they see fit, he said.

Cost of distribution of milk is too high, he said. By co-operation and better business methods, he maintained, this cost would be materially reduced. People of the United States, Wheeler said, should be taught to drink more milk, as it is wholesome food, that is cheap even at the present price.

Only when the American farmer acts for himself by advocating legislation, to foster and provide new economic machinery, will there be better marketing conditions and adequate credit facilities, according to David Lublin, American delegate to the International Institute of Agriculture, at Rome, said today. In Germany, he said, the government advocated marketing legislation, because the farmer was not considered sufficiently progressive. The result has been excellent economic conditions, of which Germany rightfully boasts, he claimed.

National and state legislation, to provide the credit facilities which would make it possible for tenant farmer and farm laborer to acquire farm land, was urged by John Le Coulter, dean of the college of agriculture, at West Virginia university. The steps he would take to attain those ends are:

An act of congress providing for a complete scheme of farm land banks.

Legislative acts of various states supplementing the national laws and providing for state institutions to do various phases of the mortgage business which the national farm land bank would not care to undertake.

Legislation by various states simplifying laws pertaining to titles deeds foreclosures and exemptions.

An up to date bureau of farm lands, with complete lists of farms for sale and farms for rent, and all possible details about these lands.

A thorough scheme of rural education with county organization so provided that the county headquarters would have a complete list and careful rating of every farm operated within the county.

Such state legislation as is a necessity to take over by some public service corporation, land not already developed—these lands to be developed, parceled out and sold, at advantageous terms, to select farmers who do not own any land, but who are seeking to become permanent settlers, living upon and operating their own farms.

Team work by existing marketing agencies, was urged as the solution of the marketing problems, by George P. Hampton, Washington, secretary of the National Marketing committee. Better banking facilities, lower rates of interest, more efficient transportation, at lower freight rates, and better merchandising were some of the things he suggested for reform. The banker, merchant, and railroad man are up against marketing the crops he said. These agencies, he claimed, have been "going it alone," to secure the ends that would better be secured through team work.

Fred W. Davis, commissioner of agriculture in Texas, told last night how the state warehouse commission law permitted the farmer to hold his cotton for prices that suited him, raising necessary money on

No More Backache No More Misery

If you suffer with pains in your back and sides or have any signs of kidneys or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Johnson's Drug Store, the popular druggists, say that no medicine ought to be paid for unless it does the user some good. They therefore sell Solvax under a positive guarantee to quickly relieve the worst cases of kidney trouble or refund the money. Try Solvax today and if you cannot see and feel a decided change for the better just go to Johnson's Drug Store and tell them you want your money back, they will return it without question. This is the strongest argument that can be offered in behalf of any medicine.

his warehouse receipts. State colonization was urged by Harris Veingstock, banker and member of the United States Industrial Relations Commission, last night. Charles A. Lyman, president of the Wisconsin society of Equity, described agricultural co-operative marketing in Wisconsin. The producer himself is responsible for losses in shipping, and standards in quality and packing should be enforced, R. W. Hockaday, industrial and agricultural agent for the M. K. & T. said.

OBITUARY

Rena, daughter of Sarah and James Hardwick was born October 21st 1891. She grew to womanhood and made the home cheerful, bright and entertaining. Last spring she became afflicted and after several weeks of suffering she was advised by physicians to go west. She and her parents immediately went to Roswell, New Mexico. Every effort within reach of human hands was made to restore health; but the reaper, whose name is Death came and her spirit took its upward flight October 22nd, 1915 aged 24 years and 1 day. She leaves father, mother and a host of relatives and friends to mourn the loss of a loving daughter, a kind and affectionate friend. Rena, as she was familiarly called, was a great worker in the Sunday School and church. She made the good confession at Big Flatrock Christian church, October 26, 1910, under the preaching of the Rev. M. V. Foster. When preparing to go West, she spoke a great number of times of how sorry she was to leave Flatrock, and all her associates there. She was secretary of the Sunday school for some time, and had been teacher of the "Treasure Seekers" class for several years. She was loved very much by her class, and her kind and winning ways made friends of every one. As long as she was able to write she would send back the question: "How many were at Sunday school Sunday?" and "How many were in my class?" Thus forgetting self even in affliction. During all these months of suffering, Rena was always bright and cheerful, nor did she murmur and complain because she could not enjoy herself with her lifelong friends in Indiana.

Through all pain at times she'd smile
A smile of Heavenly birth,
And when the angel called her home
She smiled farewell to earth.
Heaven retaineth now our treasure
Earth the lonely casket keeps
And the sunbeams love to linger
Where our loving daughter sleeps.

'Tis hard to break the tender cord
When love has bound the heart
'Tis hard! So hard to speak the words
We must forever part.
Farewell dear, but not forever,
There will be a glorious dawn,
We shall meet to part, no never!
On the resurrection morn.

Her remains were brought back and funeral services held at the Moscow Christian church Oct. 26th, the Rev. E. E. Kuhn of Colfax, Indiana, officiating. The young ladies of the Anti-Cant's class were pallbearers. The high esteem in which she was held was evidenced by the many beautiful floral offerings given by the Anti-Cant's, Treasure Seekers, Loyal Sons, Epworth League and neighbors and friends. She was buried in the Moscow Cemetery, there to await the resurrection morn.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown" mouth now and then, a bad breath, a dull tired feel, constipated, headache, torpid liver, and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. One and two per box. All druggists.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys
(If bladder bothers you—Drink
lots of water.)

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jod Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jod Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

COMMISSION IS HAVING TROUBLE

Federal Board Hit Snag When It At-
tempts to Determine What Is
"Unfair Competition"

MANY COMPLAINTS FILED

Court Decisions Differ in Many
States so as to Make Matter
Very Complicated

(U. P. Staff Correspondent.)

Washington, D. C., Nov. 30.—

"What is unfair competition?"

The Federal Trade Commission, after months of trying to find out, is about where it began on that question. Ask a member what is unfair competition, he'll parry with the plea that you ask him about some individual case. Complaints to the commission show that every sort of competition which can't be met seems unfair to the man who can't meet it; and the defenses offered indicate that anything goes in the rough and tumble game of business.

In the new cafeteria stores in some places in the East, a man may go in, help himself and be checked out at the door. That makes it possible, say the merchants to sell a 15-cent article for 13 cents. Grocers brand such competition unfair.

Or take the chain-stores, buying in large quantities at cut prices, even on standard articles. Ordinary retailers fanch and cave considerably when they write the commission about these establishments. They tell about the big concern which sells a 20-cent article for 15 cents in one town and for 25 cents in another, to crowd out a competitor in the 15-cent district. "We're big and entitled to take advantage of our bigness," such concerns tell the commission.

Then there's the man who finds that someone is imitating his first class goods and selling slightly under his price; the man who makes a standard article and cannot keep some retailers from knocking a cent or two off its price to attract other trade.

There have been approximately 100 types of complaints filed, ranging in merit from what the commission considers merely a case of more efficient business conduct to a number of cases of down-right skill druggery. There are state court decisions on many cases, so that what is not fair in one state is O. K. in another.

Wherefore the invitation. If anyone thinks he knows what is unfair competition, will he kindly drop a line or two to the commission?

AVOID MISTAKES

No Need to Experiment With Rush-
ville Evidence at Hand.

There are many well-advised kidney remedies on the market today, but none so well-recommended as Doan's Kidney Pills.

Read this Rushville case:

Frank McFarland, 830 West Tenth street, Rushville, says: "Last winter my kidneys began to get weak and in a short time I was so bad that I could hardly be about. My back was in terrible shape. It ached so especially at night that I could hardly sleep and in the morning, it was stiff. If I bent over, I could hardly straighten up again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good success that I thought I would try them, so I got a box at Johnson's Drug Store. They helped me and I kept on using them until cured."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. McFarland. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

TABERNACLE WILL BE TORN DOWN

Dry of Elwood Will Not Get to
use Place For Speeches Dur-
ing Coming Campaign

"WETS" ENTERED PROTEST

(By United Press.)

Elwood, Ind., Dec. 1.—The Elwood Tabernacle will be torn down within the next few days. The scene of the recent revival it was hoped by the dry forces, that it could also be used for mass meetings of the dries during the campaign, for the coming liquor election.

But to this the wets objected, and they pointed out that the building was far from fireproof, though standing within the zone where fire proof buildings are required. Threats that the building would be burned if it were not torn down were received.

Following a conference of ministers, lumbermen and the mayor, it was announced the building could stand until about Dec. 1. Meanwhile a watchman has been on guard day and night.

PENNY ZONE WAY PUT INTO EFFECT

Interstate Public Service Company
System of Fares to Conform
With Other Companies

MEANS SLIGHT INCREASE

(By United Press.)

Indianapolis, Ind., Dec. 1.—The Interstate Public service company, operating a traction line from Indianapolis to Seymour, today put into effect the "penny zone" method of charging for fares. This move was authorized by the public service commission. Officials of the company said it would mean an increase in gross revenues of possibly three or four percent.

"We have had no complaint concerning the change," said an official today. He said the following lines had adopted the "penny" or copper zone method: The T. H. I. & E. Traction Co.; the Union Traction Co. the Forty Wayne and Northern Indiana and the Marion and Bluffton. Other cases are pending before the commission.

The fare from Indianapolis to Columbus will be increased from 65 to 70 cents one way and on limited cars the fare is 80 cents. Another increase is between Franklin and Columbus, which was 30 cents and is now 43 cents.

The greatest enemy of your teeth

When scientists recently discovered the cause of that dread disease, pyorrhea, they discovered the greatest enemy of your teeth. Why yours? Because the germ that causes this disease inhabits every human mouth!

Your dentist will tell you that half of all the permanent teeth lost are lost from this disease. This is because people have not realized before that everyone should take precautions against this enemy. You can start now to ward off its constant attack and escape the terrible results of this disease by using the proper corrective and preventive treatment in your daily toilet.

To meet the need for this treatment and to enable everyone to take precautions against this disease, a prominent dentist has put his own prescription before

the public in the convenient form of Seneco Tooth Paste.

Seneco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Seneco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Seneco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Seneco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Seneco Remedies Co., 502 Union Central Bldg., Cincinnati, Ohio.

THE MOST DISTRESSING SIGHT IN THE WORLD

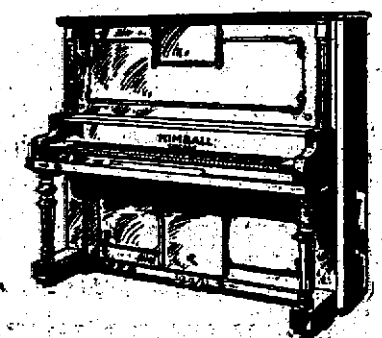

during the summer is a fat man wearing a sport shirt and the most distressing sight in the winter is to see someone trying to get along without A GOOD STORM BUGGY. If you know how warm one of my storm buggies would keep you, how well they are made, how nice they look, and what a general comfort they would be to the whole family, you certainly would own one before the end of the week. I have used special pains to obtain a line of storm buggies that have all the little things that make them desirable, quality and style together with a comfortably designed cushion and back, easy riding springs, fine finish and the best of material throughout, are some of the essential things found on them and you are welcome at all times to call and see for yourself and I assure you it will be a pleasure to show you the detail construction of these buggies at any time. The construction of a STORM BUGGY makes lots of difference in the draft and I will explain to you why these buggies are lighter draft than others. It only takes a few minutes of your time to look at our stock and it will mean years of regret if you don't. Now is the time to get ready for winter. SO DO IT NOW.

The Great Kimball Factory

The great Kimball factories and ware rooms cover many acres of floor space, beyond comparison with any similar interest in the world. The capital of the W. W. Kimball Co. is exceeded but by few of the largest banks of the United States. They buy raw material in great quantities. Make every separate part of the Kimball instruments in their own factories. The product of the Kimball factories is more than double in volume that of any other factory, which indicates the great popularity of Kimball Pianos and Players. The Kimball Co. accommodate their customers as to terms of payment. They can afford to sell at a small profit, obtaining results from mere volume of business. The experience of the W. W. Kimball Co. (Established 1857) covers a continuous period of 58 years. The greatest musicians of the age purchase and recommend the Kimball instruments.

LOCAL TEAM AT SHELBYVILLE

Rushville Faces Hard Game Friday Night But Stands a Good Chance of Winning.

CROWD OF ROOTERS GOING
Several Years Since Locals Won From This Team and a Victory Would be Acceptable.

The Rushville high school basketball team faces one of the hardest games on the schedule Friday night when the team goes to Shelbyville. A number of rooters will make the trip to Shelbyville as the hope points to a Rushville victory.

It has been several years since Rushville has won a game from Shelbyville and this year the team is believed to have a chance. Coach Burns has been working the team hard this week in preparation for this game and a win over Shelbyville would not come as a surprise. The following from the Shelbyville Democrat will be of interest here:

On Friday night of this week the five representing the local high school will meet the five from the Rushville high school on the Boy Scout floor in the third game of basketball on the local schedule. The local boys are working this week under the care of Fred Deitzer, a former high school basketball star.

For the past few weeks the boys have been taking the grind under Dorsey Jones, but he was unable to continue to give the time necessary to the training of the team. His work has been greatly appreciated by the boys and they have profited from his knowledge of the game. He will continue to referee the game.

He will continue to referee the games that are played on the home floor.

The Rushville quintet comes here with one of the strongest teams that place has been able to get together for the past five years. Heretofore it has been an easy matter for the locals to run up a score that the Rushville team could never hope to, pull down, even on the Rushville floor, but this year the locals are promised a hard tussle from the first whistle. They proved that they were equal to the Morristown boys last Friday night by defeating them by an overwhelming score and local dopesters have it that the boys can turn the trick with the Rushville aggregation.

EAST AND WEST IN BIG GAME TODAY

Syracuse Tackles Strong Oregon Aggies at Portland in Inter-sectional Battle

GAME ATTRACTS ATTENTION

(U. P. Staff Correspondent.)
Portland, Ore., Dec. 1.—The east and the west are to contend for gridiron supremacy here this afternoon, with Syracuse university and the Oregon Agricultural college eleven representing their respective sections of the country.

Seldom has a game attracted more attention. Multnomah field, judging from advance ticket sales, will be crowded to capacity with spectators when the whistle starting the unusual inter-sectional game, is blown. The teams seemingly are evenly matched. Neither has any great advantage in weight and the record of both this season has shown them to be first class organizations.

Syracuse has played some mighty classy football this year, while O. A. C. astounded the football world

by winning from the Michigan Aggies, 20 to 0, after the Michiganders had walloped the University of Mich.

BIBLE INSTITUTE IS PLANNED HERE

Ministerial Association Hopes to Observe Week of Prayer With Special Services.

CONDUCTED BY BIBLE EXPERT

The Protestant churches of the city are planning to unite in the observance of the week of prayer this year. Union services will be held each night during the week and an effort is being made to obtain the services of an expert to conduct a Bible institute during the week for benefit of church and Sunday school members and other students of the Bible. The week of prayer will open Monday, January 3.

The Rushville Ministerial Association also plans to honor Dr. A. W. Jamieson with a union service at the United Presbyterian church Sunday evening, Dec. 26, which will be the last sermon by Dr. Jamieson here. It will mark the close of his pastorate in Rushville. He will become superintendent of the Synod of Indiana of the United Presbyterian church.

His rates follow: Five cent bread, two loaves for 8 cents; three loaves for 10c; 4 loaves for 12c. Ten cent bread, two loaves for 15c; 3 loaves for 20c and four loaves for 25c.

SOCIALIST PARTY OF GERMANY SPLIT

One Group Insistent on Government of Peace Terms—Admission of Weakness.

FOOD REGULATION AT ISSUE

(U. P. Staff Correspondent.)
BY CARL W. ACKERMAN.
Berlin, Dec. 1.—A split threatens Socialists ranks in the Reichstag. Exciting caucuses are being held. A week's recess of the Reichstag is likely. In this time the Socialists leaders hope to get the factions together. They realize that it will be difficult.

One group is insistent on a government statement of the peace terms Germany will accept. The other believes this would be a concession of weakness. There is also a difference of opinion over government food regulation. One side is satisfied with present methods. The other considers them ineffective.
